OBJECTIVE

Computer Science student seeking an entry-level role in software development or related technical fields, with hands-on experience in building Python and SQL projects. Strong in problem-solving and eager to contribute to real-world solutions.

EDUCATION

2022 - 2026 B.E. in Computer Science and Engineering at **SIMATS Engineering** (CGPA:8.60)
2020 - 2022 Higher Secondary Education at **Narayana Jr. College** (Percentage:80)
2019 - 2020 Secondary School Certificate(SSC) at **Narayana E.M School** (Percentage:98.5)

SKILLS

Programming Languages:	Python
Libraries:	Numpy,Pandas,Seaborn and Matplotlib.
Cloud/Devops:	AWS, EC2, Route 53, Linux, systemd
Concepts:	Object-Oriented Programming, Data Structures and Algorithms
Tools and Platforms:	Git Bash, MS Excel, Power BI, VS Code, Jupiter Note Book
Version Control:	Git,GitHub
Databases:	MySQL
Web Technologies:	HTML,CSS
Soft Skills:	Communication, Time Management, Team Work
Spoken Languages:	Telugu,English,Kannada

PROJECTS

RoboShop E-Commerce – AWS Cloud DevOps Microservices Deployment.
-**Problem**: Faced AWS EC2 resource limitations while deploying multiple RoboShop microservices; **Solution**: optimized the infrastructure by running multiple services on the available EC2 instances using separate ports and systemd.
-**Problem:** Required public access to the application with reliable domain routing and secure communication; **Solution:** configured Hostinger domain with Amazon Route 53, Nginx reverse proxy, and Let's Encrypt SSL/TLS using Certbot.
-**Result:** Successfully deployed and exposed the RoboShop application through HTTPS, with documented AWS infrastructure, networking, architecture, and service configurations on GitHub.(Try it here)

Diabetes Risk Assessment and Prediction Using Electronic Health Records and Advanced Data Analytics.
-Objective : Developed a Deep and Machine Learning Based system to identify Diabetes records using Kaggle data and Image processing.
-Technologies : Support Vector Machine, K-Nearest Neighbours, Decision Tree, Linear Regression, k-Means.

CERTIFICATIONS

- Professional Certification in **"Oracle Database SQL"**.
- Internet of Things from **NPTEL**.
- International and National Level Conference Certifications for Paper Presentation.
- Data Engineering on AWS - Foundations.

EXTRA-CURRICULAR ACTIVITIES

- Reading history books and watching documentaries to enhance knowledge and critical thinking.
- Continuously learning new skills and exploring educational content.
