OBJECTIVE

Results-driven Computer Science Engineering graduate with a strong foundation in Python, SQL, data structures, and problem-solving. Hands-on project experience in machine learning, data analysis, and AWS application deployment. Seeking an entry-level technical role to apply programming and analytical skills to real-world challenges.

EDUCATION

2022 - 2026 B.E. in Computer Science and Engineering at **SIMATS Engineering** (CGPA: 8.60/10)
2020 - 2022 Higher Secondary Education at **Narayana Jr. College** (Percentage: 80/100)
2019 - 2020 Secondary School Certificate (SSC) at **Narayana E.M School** (Percentage: 98.5/100)

SKILLS

Programming Languages: Python, SQL
Libraries: NumPy, Pandas, Matplotlib, Seaborn
Cloud & DevOps: AWS, EC2, Route 53, Linux, systemd
Core Concepts: Object-Oriented Programming, Data Structures and Algorithms
Tools: VS Code, Jupyter Notebook, Google Colab
Data Visualization: MS Excel, Power BI
Version Control: Git, GitHub
Databases: MySQL
Web Technologies: HTML, CSS
Soft Skills: Communication, Time Management, Teamwork
Languages: Telugu, English, Kannada

PROJECTS

RoboShop E-Commerce – AWS Cloud DevOps Microservices Deployment
-**Technologies:** AWS EC2, Linux, Route 53, Nginx, systemd, SSL/TLS, Certbot, Git, GitHub
-Deployed a microservices-based e-commerce application on AWS EC2 using Linux.
-Managed multiple microservices using dedicated ports and systemd service configurations.
-Configured Route 53, Nginx reverse proxy, and HTTPS using Let's Encrypt SSL certificates.
-Documented the deployment architecture, infrastructure setup, and configuration procedures on GitHub.
(GitHub Link)

Diabetes Risk Assessment and Prediction Using Machine Learning.
-**Technologies:** Python, Pandas, NumPy, Scikit-learn, Matplotlib
-Developed a diabetes prediction model using a publicly available Kaggle dataset.
-Performed data preprocessing and exploratory data analysis to identify patterns.
-Implemented classification algorithms such as Support Vector Machine (SVM), K-Nearest Neighbors (KNN), and Decision Tree.
-Evaluated and compared model performance using classification metrics.

CERTIFICATIONS

- Professional Certification in **"Oracle Database SQL Specalist Certification"**.
- Internet of Things from **NPTEL**.
- International and National Level Conference Certifications for Paper Presentation.
- Data Engineering on AWS - Foundations.
